"I have been asked to tell the class of 2012 and 2013 that applications are being taken for Camp Enterprise."

2. Camp begins with a half day leadership course to jumpstart the business case study teams.
3. Business executives and entrepreneurs make presentations relating their experiences such as how they started or succeeded in business.
4. College age counselors help to lead discussions about future trends and creative solutions to tomorrow's problems.
5. In addition, approximately \$5,000 in scholarships will be awarded to participants.
